THINGS TO CONSIDER FOR PRIVATE ACCOMMODATION

Once you find accommodation, you may have to pay a deposit equivalent to up to two months rent, plus one month rent (always ask for a receipt). You may also have to pay for gas, electricity and telephone services. You should therefore have available around 1,000 euros for initial expenses and accommodation.

When you are visiting places to rent, make sure to find out exactly what is covered by the rent ("charges" cover elevator expenses and cleaning in the building hallway and staircase). The Student Housing Service can assist you with finding accommodation and give you advice about leases.

Subletting is not legal unless it's on Airbnb.

Any person living in France may apply (whatever his/her nationality or family situation) for a Financial Housing Benefit ("A.P.L."= Allocation Pour le Logement). It will be determined according to the financial resources of the people living in the accommodation, their age and the price of rent. European students can apply with the European Health Insurance card. The non E.U students have to apply first for the Social Security number. The application process will be explained to all students upon arrival at the Orientation meeting.

DOCUMENTS

- RIB (Relevé d'Identité Bancaire) delivered by your French Bank.
- Copy of your stamped visa or European ID card.
- Birth certificate translated in French and certified by a notary.

An answer takes 3 to 6 weeks after application.

BANKS

YOU WILL NEED A FRENCH BANK ACCOUNT

Having a French bank account can ease your daily life. In many cases, you will need to have a French bank account to have access to services, for example to apply for a financial housing benefit, to subscribe to a phone company and to a student transport card. Your bank identification number is called R.I.B. (Relevé d'Identité Bancaire).

REQUIRED DOCUMENTS TO OPEN AN ACCOUNT

1. An Enrolment Certificate from ISC Paris
2. Copy of your passport or ID card
3. Housing contract or proof of residence

WHERE TO OPEN AN ACCOUNT
